Professional Experience

From my hire date of April 12, 1995 to January 1, 2008 I worked for Memorial Hermann Baptist Hospital System while working for Lamar State College Orange. In the hospital setting I worked as a Medical Laboratory Technician performing specimen analyses in the Hematology, Chemistry, Blood Bank, Microbiology and Urinalysis departments. I took additional positions for the hospital, in Central Supply and as a Phlebotomist to keep my skills precise. To promote other skills, I worked an externship in the Urinalysis department at Memorial Herman Baptist Hospital Beaumont.

Editorial Experience

I have reviewed several textbooks in the field for various publishers. In 2013, *Phlebotomy A Competency-Based Approach*, by Booth, McGraw Hill. In 2008, *Laboratory Diagnosis of Infectious Diseases*, by Engelkirk, Lippincott and *PHLEBOTOMY for Heath Care Personnel*, by Booth, McGraw Hill. In 2007, *Basic Procedures for the Biomedical Laboratory*, by P.R. Riddle, Lippincott. In 2006, *Textbook of Urinalysis and Body Fluids*, by Landy J. McBride, Lippincott.
