**Participant, "From Colonies to Nation: America in the Eighteenth Century"**  
Gilder-Lehrman Institute of American History  
U.S. Constitution Center  
Philadelphia, Pennsylvania June 2008

### **Research Interests**

I have a passion about American political history especially presidential politics and elections. I have spent many years teaching and researching American leadership and the issues of the day. I have traveled to a variety of historical locations in the United States to dig deeper into the nation's political past. A few places where I have studied and researched: Mount Vernon, Monticello and Montpelier.

### **Current Research**

As adjunct faculty, formal scholarly research has not been a major component of my professional work. Current research includes American political elections (20th century), American National Parks as well as Lewis and Clark's exploration.

### **Teaching Experience/Courses Taught**

Ancient Western Civilization	Early U.S. History	Modern U.S. History
Modern World History	American Government	Special Topics in U.S. History

## **Professional Presentations**

### **National Middle Level Educators Conference**

Louisville, Kentucky November 2011

### **Presenter, Ohio Middle Level Educators Conference**

Columbus and Sandusky, Ohio February 2010, 2011, 2022, 2023

### **Presenter, Ohio Gifted Educator Conference**
